

OUR VISION

Our vision is to become the go-to manufacturer of equipment solutions & services to measure, transfer, control, and dispense liquids and gases. Never settling, but striving to take our customers' everyday issues and find painless and cost effective solutions.

OUR MISSION

Our mission is to provide customers with products and services of premium quality for the measurement, control, transfer, and dispense of fluids and gases, coupled with an excellent post sale service. From start to finish, our mission is to exceed customer expectations.

OUR VALUE

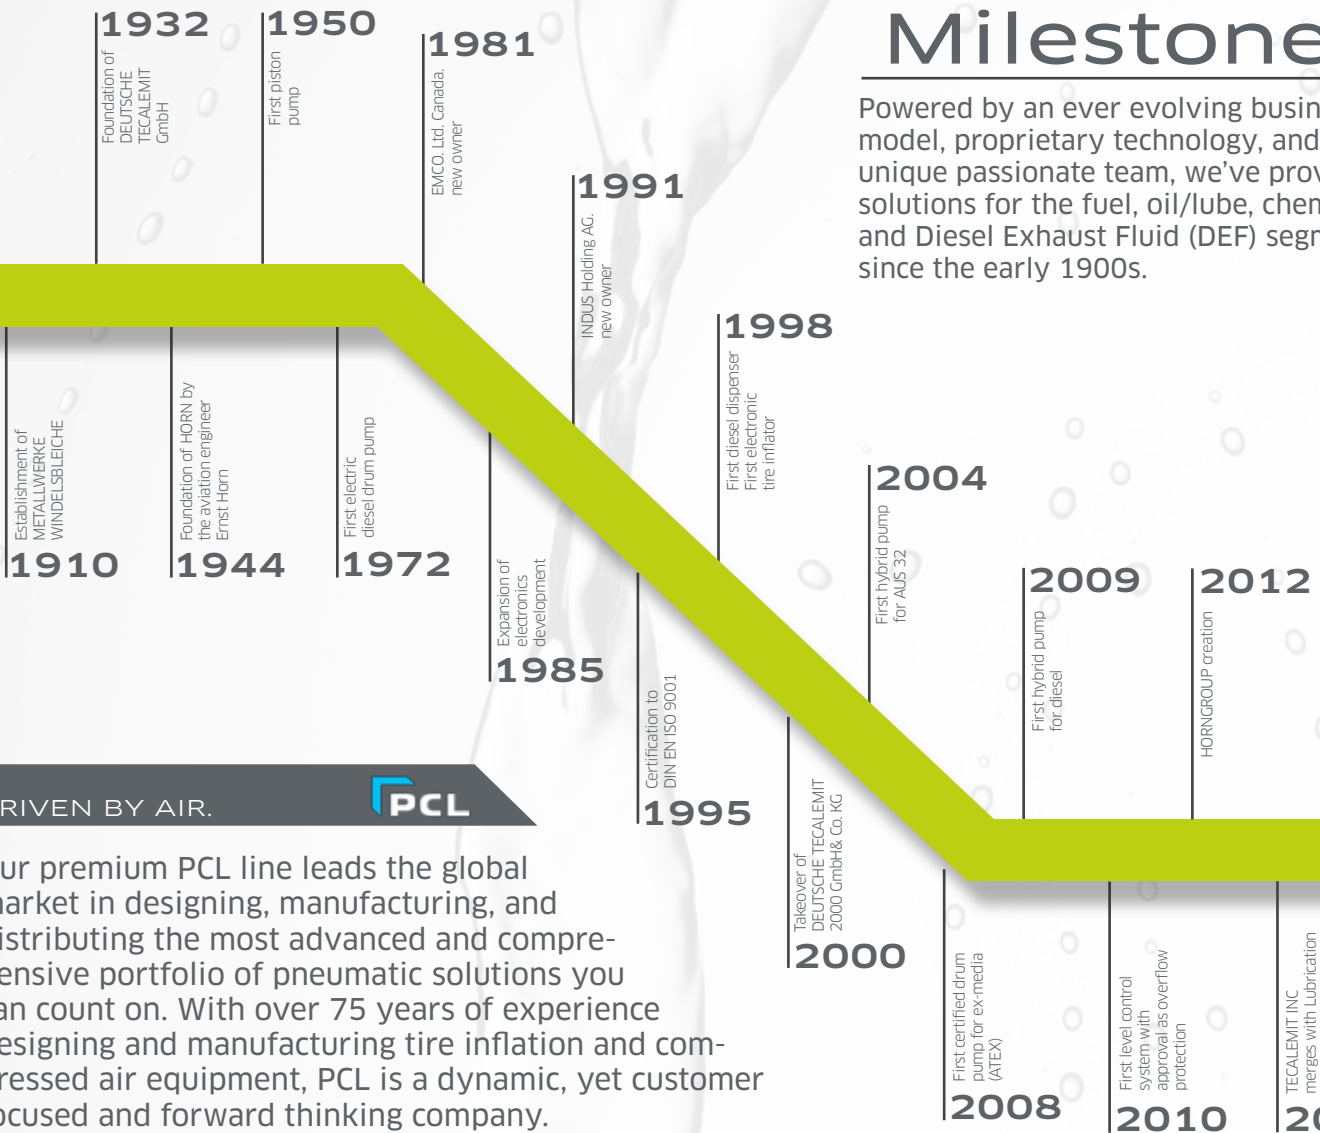

With strong self-awareness and intellectual honesty, we produce the best work possible. We protect the integrity of this organization by always using sound judgement to put our best foot forward. Customer satisfaction is the basis for our long-term collaboration with our partners.

OUR GOAL

Our expanding goal is to always improve and continue to develop not only our existing line of end user equipment, but also to develop new custom storage and dispensing solutions to the fuels, DEF, lube/oil, and chemical segments. Customer satisfaction is our motivation.

Milestones

Powered by an ever evolving business model, proprietary technology, and a unique passionate team, we've provided solutions for the fuel, oil/lube, chemical, and Diesel Exhaust Fluid (DEF) segments since the early 1900s.

DRIVEN BY AIR.

Our premium PCL line leads the global market in designing, manufacturing, and distributing the most advanced and comprehensive portfolio of pneumatic solutions you can count on. With over 75 years of experience designing and manufacturing tire inflation and compressed air equipment, PCL is a dynamic, yet customer focused and forward thinking company.
