

# DEF ALL IN ONE

With the rise in demand for Diesel Exhaust Fluid (DEF), TECALEMIT set out to design DEF mini-bulk storage tanks that performed to the ISO standards mandated, functioned well, shipped easily, and provided a quick ROI.

What our efforts resulted in is what is known in the market today as the DEF-Pro All In One Smart Packages. These systems are 100% turn-key, and houses everything you need to safely store and dispense Diesel Exhaust Fluid.

TECALEMIT's DEF-Pro All In One Smart Packages offer functionality, flexibility, and value. These packages are completely customizable to meet your individual needs.
